## LETTERS AND NOTICES

I wanted to write and say how simply wonderful the Sibford Scene is nowadays. You go to immense trouble to make it informative, funny and inducive of our wonderful Sibfords Community spirit.

We live in a simply terrific community of diverse people and uniquely prevalent seems to be the wish to work together, have fun and help each other. The Sibford Scene is averring of this. Many congratulations and thanks for all your hard work.

### **New photography group?**

If there is sufficient interest in Sibford, I would like to form a local photography group. The format would be agreed by the members, but activities might include regular photo topics for presentation and discussion at meetings (face to face or virtual), photoshoots, instructive presentations, exhibitions, etc. If you are interested please contact Colin Lamb at [colinlamb.cl@gmail.com](mailto:colinlamb.cl@gmail.com) or phone 01295 780357.

### **THANKYOU!**

On 12th August our house was struck by lightning resulting in a lot of damage to our home and the inconvenience of no internet or landline for our immediate neighbours. We want to express our thanks for the many kindnesses, large and small, shown by our lovely Ferris Court friends. They made a horrible experience bearable, offering their homes, meals, freezer and fridge space as well as tech support. Thank you Mark and Claire, David and Stephanie, Damien and Philippa, we are very grateful.

Gareth and Sandra Price

### **Polly Boxes**

Thanks to all those who have donated food, clothing and toiletries to Polly for distribution to the people in Banbury who need it most. We have a lot of kind people in this village! Some of the items were specially bought and showed great thoughtfulness.

All of them will be gratefully received. Please remember Polly when you do your shopping and consider lobbing another tin of baked beans or biscuits in the trolley at the same time. Collection baskets outside the church are regularly emptied.

Best wishes Diana Thompson

## LETTERS AND NOTICES

Continued.....

My name is Olivia Sparks, I'm 13 and together with my friend Ella White who is 11, thought as it is nearly the beginning of the new school year and children are getting new stationery, we would like to set up a collection of old stationery to be donated to a small rural school in Malawi. The stationery needs to be working properly but it does not have to be brand new. We are collecting stationery such as pencils, pens, rubbers, rulers, colouring pens, sharpeners, highlighters, pencil cases, scissors, calculators, maths instruments like protractors etc. I lived in South Africa for ten years and my nanny was Malawian. She often told me about the little school resources she had and that I was very lucky to be able to go to school all year round. Ella and I have also recently watched the movie "The Boy Who Harnessed The Wind", it is about a boy who built a windmill to irrigate his village crops in the drought. This movie opened our eyes to the poverty and lack of education in Malawi. We have set up two drop off stations; one at Home Close, Main Street, Sibford Ferris and another at Barthrop Cottage, Burdrop. We would love it if you could contribute to this cause.

### **SLOW DOWN, PLEASE**

Dear Fellow Neighbours of Bonds End Lane

I would just like to say a huge thank you, for the vast majority of you for slowing down. I do worry that now children are about in the lane more often, that a speedy driver may not be able to stop in time. Especially at the top of the lane, where children on bikes whizz around quite oblivious to cars driving up too quickly! To the odd one who still speeds up and down the lane, please let's not spoil it for everyone else who lives in the Lane. You really are not achieving much by driving so fast up such a tiny lane!

Thank you Brigette Boyd

# SUNEDAY SMALLHOLDING

Thank you to all those people who have taken fresh veg from the box and left a donation. My aim with this project is to break even – not easy! John Seymour, in *The Complete Guide to Self-sufficiency*, tells readers, 'Don't give up the day job!' Well that is exactly what I have done. From September I will be challenging myself to live as closely as I can from the land. I intend to eat only what has been produced on this smallholding. I am preserving/storing as much as I can now and through harvest in preparation for winter.

I have also made two major investments; a 5-foot-high fence has been constructed around the chicken's area to keep the foxes out and a boar has been purchased to ensure productivity in the pigs.

**Chickens** – Since April, eggs sourced locally have been incubated and now 24 chickens are getting to know each other, with a further 6 chicks soon to be introduced. Passers-by have been able to watch these new chicks growing rapidly over the weeks as, following fox attacks in April, the whole flock was moved to the grass in front of the bungalow. From these 30 chickens I can assume 15 will be hens, and in due course will be giving around a dozen eggs per day to provide egg deliveries to the village.

**Pigs** – Unfortunately, the AI did not work and Esme was facing the prospect of not having piglets this year. I came across Ginger, an Oxford Sandy and Black X boar who was looking for a new home. He duly arrived and had a busy few days. Piglets are now expected on Nov 5<sup>th</sup>. Ginger will remain with Esme and Peaches2 for the next month or so then once again, will seek pastures new.

**Goats** – Rosie and Sophie have now been producing milk for 15 months. I was expecting to have to dry them off and get them back into kid for next year's milk, however a goat cheese maker I chatted to recently has been milking his goats without a break for over 2 years! He maintains that if the goats are happy, they will give milk. We shall see...

**Soap** – Georgie has returned home from teaching in Spain and has followed up on an interest in using the goats' milk to make soap. This has been really interesting and lots of fun. The soap is made from only natural ingredients, largely raw milk and oils. Photos can be found on Instagram: @sundaysoapery @sundaysmallholding

## AS SEEN FROM THE SIDECAR

This fast-paced, often-humorous travel book tells the truly ridiculous story of how two British friends, Matt Bishop and Reece Gilkes, became the first people to circumnavigate the globe on a scooter with a sidecar. Their world-record-breaking 34,000-mile-long journey took them through thirty-five countries and across five continents. With no experience of mechanics, overlanding, or even riding motorbikes, the pair took their Honda scooter and barn-built sidecar through some of the world's toughest environments, including a scorching Sahara Desert and the frozen wilds of a Siberian winter.

This heartwarming story will restore your faith in humanity as strangers all over the world save the pair from the life-threatening and downright idiotic situations in which they find themselves. At the same time, the book lifts the curtain on the issue of modern slavery, which still plagues every country on earth. Matt and Reece meet survivors of modern slavery and organisations fighting it all over the world, and the hard-hitting stories they share will leave you questioning your role in the issue—and asking how you can help.

Cost: £12.99 and £1 from each sale goes to Unseen UK for the fight against modern slavery

## In Your Garden - September

I am writing this whilst the heatwave is on in August, looking at my poor flowers suffering and wilting. My unbridled enthusiasm for plants means that I have planted things too closely together, and a major sorting out must happen in the Autumn. It is easy to forget what needs moving forwards, or backwards, or going into the shade etc., so here is my plan, and you will find it useful if you have made the same mistakes as I have.

1. Label all plants that need moving or dividing up, and take a photograph of the border from different angles. Don't even try to move anything until the weather has cooled down, and water thoroughly before you dig them up, and again after replanting.
2. It is a good time to collect seeds, seal in an envelope and label. I let white foxgloves seed everywhere - you can always move them to the right place in the spring, but it is better to cut the heads off the naughty, rampant purple ones.
3. Go through your catalogues and order any plants, shrubs or trees to plant in October. And order your bulbs now. If you want hyacinths to bloom for Christmas they should be planted by the end of September.
4. In the veg garden, dig over where the beans and peas have finished. You can now sow winter lettuce, spinach and turnips. Dig up any remaining potatoes before the slugs come marching back. (They seemed to have hidden away in the heat) Pick the autumn raspberries, and enjoy them, and prune blackcurrants.
5. Hedges can be trimmed now the birds have finished nesting. It makes them look so nice on those crispy, frosty mornings. that I am rather looking forward to at the moment.
6. Climbing roses will need pruning back. Rake up any yellow and black leaves with black spot disease, but do not put them in the compost.
7. Before you want to bring in any tender plants to the greenhouse or cold frame, it is wise to give it a good clean out, and brush under the staging where the bugs and spiders leave larvae, and slugs lurk. Clean the glass - a good squirt with the hose can do this. I shall be cutting geraniums and salvias back, and using some of the trimmings for cuttings.

## In Your Garden - September

Continued.....

8. If you have a pond, cover it with netting before the leaves fall. We forgot to do this one year, and the magnolia tree filled it up with leathery leaves, that make the water cloudy, and the pond had a soggy bottom. (Mary Berry wouldn't like that.)
9. Bird feeders and seed trays should all have a vigorous cleaning. Our bird bath is so well used we have to scrub it out each week. The pigeons love to drink there, and shuffle around having a bath, but then..... you've guessed the rest.
- 10 The lawns are growing more slowly, and may need some moss raking out. Most important is to keep the edges looking sharply cut.

## NATURE NOTES

Once again it is pleasing to have several contributions from others in the villages. It makes my life easier and adds some welcome variety.

Colin Lamb now has a trail camera and has recorded foxes almost every night with up to four at times as well as Muntjac deer with a fawn. Badgers have also been recorded.

Nigel Fletcher has also seen and heard foxes (probably the same ones) in the early hours of the morning returning from their nightly hunting forays.

Dian Baker found and photographed a Privet Hawk-moth in her garden in Cotswold Close. This is the largest resident British moth and is a really impressive insect. The caterpillars feed on Privet (not surprisingly!) but also Ash.

In the hot weather there has been a lot of evidence of badgers having dug out bumble bee nests often leaving very large holes. While walking through Swalcliffe Common we spotted a rather tatty Silver-washed Fritillary. This is woodland butterfly that is increasing distribution and abundance and occasionally turns up in gardens.

A Gold Swift moth was found at the Hook Norton Railway Cutting reserve. It was a female that was rather dull brown in colour, it is the males that are gold. Unusually it is the males that produce a pheromone to attract the females and it is said to smell quite strongly of pineapple.

Probably less good news on the moth front was the appearance of a Box Tree moth in my moth trap. This is a species that was introduced to Europe from the far East and has rapidly spread and become a serious pest of Box hedges.

NEIGHBOURHOOD WATCH

## NEIGHBOURHOOD WATCH

### Fraudsters foiled - Well done, that man!

1. It started off easily enough. Our member just wanted to cancel a direct debit payable to Amazon Prime for £4.99p per month. He was then contacted by an organisation, apparently called ZoHo, allegedly representing Amazon. They were most helpful and agreed to make the arrangements. During the course of this discussion, they advised our man that there was a £99 debit to his account which had 'clearly been made in error', and in order to credit this amount to him they asked for bank details etc. Sneaky, underhand and very polished, but our guy was just too good for them and immediately ended the conversation. Whilst this is just a precis of what happened, it shows the need to be on your toes at all times.

2. TV licence fee fraudsters for all you over 75s.  
For all over 75s awaiting letters about their new licence fee payments, there has been a rise in 'phishing' emails. In other words the fraudsters have found a new angle and are out to get your money. One email appears to be from TV Licensing and is titled "Information about your TV Licence". It reads: "Oops! Something went wrong with your payment. We're sorry to let you know that your TV licence could not be automatically renewed". The email tells the recipient they must pay immediately to remain "legally licensed". It then goes on to threaten the victim with cancellation of their licence or passing their details to a debt collecting agency. Of course, the victim is then directed to click onto a link and input their bank details !!  
The BBC has stated that TV Licensing will write a letter advising pensioners how to set up a payment. Do not be conned into doing anything until you have received this letter.  
And one can only smile! Only this week, a young Guardian writer tweeted "Older people - do you realise that ending a sentence with a full stop comes across as unfriendly to younger people?"

The Motor Neurone Disease (MND) Association Mission 5000 has launched a challenge for its community to cover 5000 miles between Sunday, the 13<sup>th</sup> September and Sunday, the 18<sup>th</sup> October.

I have accepted the challenge and will run a Half Marathon on Sunday, the 13<sup>th</sup> September and complete my target of 150 miles in a 2<sup>nd</sup> Half Marathon on Sunday, the 18<sup>th</sup> October. Between these dates I will have participated in a further 23 runs ranging in distance between 3 & 12 miles.

My daughter, Suzie, son Jon and eldest grandson Henry will be joining me on parts of the journey.

Your support to my efforts will be greatly appreciated.

### GREETINGS CARDS

I make greetings cards from my own photographs taken in England, Scotland and Wales. They are 6"x4", printed on glossy photographic paper and come in a clear cellulose envelope with a stiff paper insert for writing on and an envelope.

There are four categories: Landscape, Flowers, Birds and Animals.

Many of the recent photos are of the spring flowers in my garden.

There are photos suitable for every occasion.

The cards cost £1.50p and all profits go to Katharine House Hospice.

If you would like to know more, please contact me:

## HOLY TRINITY CHURCH CHATTER

### **Arrangements we are making to re-open Holy Trinity Church for public worship.**

This will formally be effective from 1st September with the first service taking place on Sunday 6th September. To enable us to do this, the Parochial Church Council have carried out a comprehensive risk assessment to ensure that it is safe and that we comply with Government Covid 19 regulations.

The Harvest Festival service still planned to take place on Sunday 27th September at 11 am followed by a outdoor picnic in the churchyard, Bring Your Own picnic lunch, mug and chair, tea, coffee will be available.

Face masks to be worn in church, as per Government guidelines. Please bring your own masks.

Singing is still not allowed by a congregation but there will be music.

Seating in the pews has been organised to allow for safe distancing of 2 metres with the usual Prescribed cleaning arranged. We can accommodate 40 comfortably but could open choir pews if necessary. Everyone welcome.

We are also planning a Pop Up Cafe on Saturday 19th September following Safe distancing guidelines. Details to be advertised in Wykeham Benefice website and notice boards in both Sibfords.

**Holy Trinity Church, Sibford  
Oxfordshire Historic Churches Trust  
Sponsored Ride + Stride  
Saturday, 12<sup>th</sup> September 2020**

Since the Trust was founded in 1964 as The Friends of Oxfordshire Churches several million pounds has been given in grants to churches of many denominations within the County. About half of this money has been raised by the annual Ride + Stride event.

The first Sponsored Ride + Stride in Oxfordshire was held in 1986 as just a bicycle ride and the event has been growing ever since.

The Ride + Stride is also an effective way of raising funds for our church as 50% of the sponsorship money (excluding gift aid) comes straight back to the church if it is designated by the Riders and Striders.

The Parochial Church Council is very grateful to those who have taken part in the past and hopes that there will be a desire to take part this year.

Information and sponsorship forms are available from Peter Hardman - Tel: 01295 780391 or Email: [hardman214@btinternet.com](mailto:hardman214@btinternet.com)
